

FELLOWSHIPS COORDINATION TEAM REPORT Chapter 2019

How we've matured as the Fellowships Coordination Team

- **We expanded our work this year** with the incorporation of Jacoba Ketchum's efforts on gathering and sharing the ministries in which we're engaged which promises opportunities for linkages within similar kinds of engagements and our greater sense of how this little Order touches the world.
- **We are comprised of** Neal Dunnigan, Fred Jaxheimer, Jacoba Ketchum Sam Loudenslager, Markie Oliver, and Michael Vosler
- **We've gotten better at** coordination with the Formation Team, especially around arranging face-to-face meetings with Inquirers. which is good for their discernment and is of benefit to our getting to know each of them.

For every Fellowship we depend upon the Local "Spark(s)" or "Gatherers"

This role is not an assignment! It emerges as the Spirit moves, and can be designated by the Fellowship.

And for every Fellowship we have a **Fellowships Coordination Team Monitor** to encourage and support the Spark/Gatherer & to assist as we can, and to assure a report-with-a-photo is made to Fiddlesticks, the Chat List, and the Website. This role is assigned by the Fellowships Team.

We note the following as among our current stronger Fellowships on the basis of (1) numbers, remembering "where 2 or 3 are gathered..." (2) a Spark or Gatherer, and (3) a Fellowships Team Monitor: (4) some degree of regularity of gathering & communicating

The Kiwi Fellowship The Northeast and its 3 sub-group gatherings:
Northern New England The NYC Metro The Eastern Tri-State
Gateway Great Lakes Lighthouse Blue Bonnets Golden Gate
AND our On-line Fellowships [these need to named and dates of beginning & end]

Ongoing Table Fellowships: Piedmont Indiana West Illinois/Iowa

Fellowships possibilities for which we pray and to which we stay tuned:

Japan Lake Ontario Central Atlantic Piedmont
Mariposa Tropical Troubadours Northern Plains
Central Plains Arizona Mountain States Juniper
Southern California
